

# MOT Type I Aggregate for Road Construction

## Technical Data Sheet

### PACK SIZE

Available in Maxipack and Bulk bags

### DESCRIPTION

Crushed aggregate conforming to the requirements of BS EN 13285.

Aggregates for unbound and hydraulically bound materials for use in civil engineering and road construction.

### USES

Suitable for forming sub base or base layers to support other construction such as concrete drives or other paving materials. Will only perform if applied to suitably prepared sub grade and if compacted to form a dense layer. May also be combined with cement to produce a higher bearing capacity.

### TECHNICAL SUPPORT

For further advice please contact Hanson Cement's Technical Helpline on 0330 123 2441.

### HEALTH AND SAFETY

Please refer to Material Safety Data Sheet for full information.
